

Workshop on Implantable Organic Electronics

The aim is to have a one-day open discussion on the trends and issues of organic bioelectronics among leading scientists that are successfully working with competing or complementary technologies.

Date: 9 June 2014

Venue: Accademia Nazionale di Scienze, Lettere e Arti di Modena, Corso Vittorio Emanuele 59, Modena (Italy) <http://www.accademiasla-mo.it/>

Program

8 June 2014: arrival in Modena

9 June 2014:

9:00 am - 9:30 am: F. Biscarini (Univ. Modena, Italy): welcome and overview of I-ONE-FP7

9:30 am - 10:30 am: G. Malliaras (EMSE, France) and M. Berggren (Linkoping Univ., Sweden)

10:30 am - 11:00 am: Coffee Break

11:00 am - 12:30 am: T. Someya (Univ. Tokyo, Japan), M.R. Antognazza (IIT-PoliMi, Italy) and T. Cramer (CNR-Bologna, Italy)

12:30 am -14:00 pm: Lunch Break

14:00 pm - 15:30 pm: Ph. Bergonzo (CEA Saclay, France), D. Simon (Linkoping Univ., Sweden) and P. Greco (Scriba Nanotecnologie Italy)

15:30 pm - 16:00 pm: Coffee Break

16:00 pm - 17:30 pm: S. Lacour (EPFL, Switzerland), R. Garcia (CSIC, Madrid) and F. Zerbetto (Univ. Bologna, Italy)

17:30 pm - 19:00 pm: Round Table discussion on emerging trends and issues of implantable bioelectronics. Chair: F. Biscarini.

Registration:

Registration is done on the ICOE 2014 web site, although is independent of the ICOE 2014 conference. Registration fee is 75€ before deadline, and 100€ after deadline or at the conference site, and includes lunch, coffee breaks and aperitif.
